## On Purpose

### Verse1

I might be wrong  
And you might be right here  
And we might belong  
Cause you're as stupid as me  
But I can't do grey  
I can't live life half way  
And you can't just say  
What you're planning to do  
It won't count till you do it

### Chorus

Gotta live life on purpose  
Do it on purpose  
Not just how we're suppose to  
Do what you want to  
Oh oh oh  
But don't go and kiss her  
Then I'll have to kill her  
Is that what you wanted  
Some kind of reaction  
Oh oh oh  
Live life on purpose

### Verse 2

I hate my tears  
When they make you blurry  
Cause then I can't see

Why we're trying so hard

But I won't give up

Take the easy way out

So let's not get stuck

In insecurities babe

Yea I know you can't save me

### **Chorus**

Gotta live life on purpose

Do it on purpose

Not just how we're suppose to

Do what you want to

Oh oh oh

But don't go an kiss her

Then I'll have to kill her

Is that what you wanted

Some kind of reaction

Oh oh oh

Do it on purpose

### **Bridge**

Boxes are too square

Circles are too round

That wouldn't be fair

To anyone

Cause we don't need to fit

Into a paradigm

Nothing that I need

Just be kind
